Fast Drying

Get a fluffy, dry puppy in just 8 minutes

Engineered for Different Sized Dogs

Small

8-10 mins

Shih Tzu, Chihuahua, Pug, etc

Medium

15-20 mins

Siberian Husky, Samoyed, Bichon Frise, etc

Large

30-35 mins

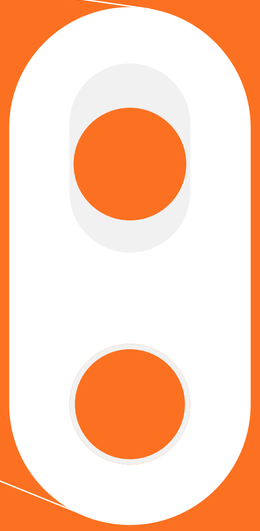

Golden Retriever, Pitbull Terrier, Bulldog, etc

Intelligent Heat Control

Helps protect your pet's hair

2 speed settings X 4 heat settings = 8 modes

High / low wind speed

Short press to switch heat settings
(high/medium/low/natural wind)

Instant Heating

Helps prevent your pets from catching a cold or experiencing extreme heat

Quiet Operation

Put anxious dogs at ease during hair drying

Lightweight. And Effortless.

Unlike the traditional dryer with a bulky body and hose design, it weighs only 19.8oz, easy for single hand operation

Three Nozzles

Dry your dog's coat your way

Wide Flat Nozzle

- Deliver broad air flow and drying
- Quick drying large areas of hair

Flat Nozzle

- High-velocity airflow
- Quick blow dry

Round Nozzle

- Partial drying
- Add volume to the coat
- For specific drying areas such as feet, behind the ears, etc
