Switch USB 2.0 with 2 x Type-B female to 1 x Type-A female manual bidirectional

Description

This bidirectional USB 2.0 switch by Delock offers two computers the possibility to share a USB peripheral device on the USB Type-A port. With the two buttons on the switch, one of the two computers can establish a USB connection to the peripheral device. Printers, card readers, hard drives etc. can be specifically activated and made available to a computer.
