Item No. 87713

Delock RS-232 Tester DB9 female > DB9 male

Description

This RS-232 tester by Delock is compact and suitable as a connection and interface tester without any additional power supply. The 9 LEDs (red, green, off) have two colours and indicate the logical state of each of the data lines. It is also possible to determine e.g. interruptions, crossed wires or a short circuit.
