Delock Fabric heat shrink tube 2 m x 6 mm shrinkage ratio 2:1 black

Description

This special fabric heat shrink tube by Delock can be used for cable bundling and offers very high abrasion, scuff, and insulation protection under heat influence. The excellent fabric structure provides the tube with outstanding flexibility and durability.

Excellent shrinkage behaviour
The heat shrink tube can be heated with a hot air gun and the hose shrinks to half its original diameter when heated.

Multifunctional application
Fabric heat shrink tubes can be used, for e.g. in engine compartments, for cooling water lines or hydraulic lines.

Specification

- Length: ca. 2 m
- Diameter: ca. 6 mm
- Shrinkage ratio 2:1
- Shrinking temperature: 110 °C ~ 185 °C
- Colour: black
- Material: polyolefin and polyester

Package content

- Fabric heat shrink tube

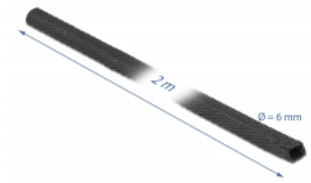

Item no. 20791

EAN: 4043619207916

Country of origin: China

Package: Zip poly bag
