Navilock Security cable for tablets and smartphones with combination lock and steel plate with adhesive pad

Description

This security cable by Navilock enables to lock different devices e.g. tablets, smartphones and laptop etc. at any place. The steel cable with its 1.8 m and **3 digit combination lock** can be tied easily around objects like chairs, table-leg or anything similar and thus the device will be saved against theft.

Carbon steel

This **carbon steel cable with protective plastic shielding** is characterised by particularly high cut and theft protection and, at just 86 grams and a length of 1.8 m it offers optimum mobility.

3M adhesive pad

The small steel plate is attached to the unit using a 3M adhesive pad and withstands a tensile strength of **21.5 kgf (Kilogram-force).** This makes this security cable particularly suitable for securing e.g. telephones, tablets or other devices at an exhibition.

Item no. 20657

EAN: 4043619206575

Country of origin: Taiwan, Republic of China

Package: Retail Box

Specification

- Carbon steel cable with protective plastic shielding
- 3 digit combination lock
- Weight: ca. 86 g
- Cable diameter: ca. 3 mm
- Cable length: ca. 1.8 m
- Colour: black
- Steel plate diameter: ca. 30 mm

System requirements

- Available adhesive surface
