JBL® BassPro Hub
Features & benefits

Market launch: Available Now!

CATEGORY: **Aftermarket Mobile**
POSITIONING: **JBL Basspro Hub Spare tire Subwoofer with built-in 200W RMS amplifier**

KEY BENEFITS:

- Fiberglass Woofer Cone with Rubber Surround
- Built-in Class D 200W RMS amplifier
- Wired Remote with User Interface Controls
- Line-level Inputs and Speaker-level Inputs
- Harman Standard Reliability Testing
- JBL at an Affordable Price

BASIC FEATURES:

Fiberglass Woofer Cone with Rubber Surround
- The 11" (279mm) woofer cone is engineered to deliver fast and tight, deep bass with low distortion and unwanted second and third order anomalies.

Built-in Class D 200W RMS amplifier
- The JBL subwoofer system's built-in amplifier is optimized to work as a system with the woofer. Its Class D design runs cooler and draws less current from your vehicles electrical system making it the perfect concealed subwoofer solution.

Wired Remote with User Interface Controls
- Gain control adjusts the volume level right from the drivers seat. Phase switch changes the input phase to inverted or noninverted. (This can sometimes be helpful for troubleshooting.) Crossover frequency control adjusts the crossover frequency to any point between 50Hz and 150Hz. Bass EQ control provides 12dB of boost.

JBL® BassPro Hub
Selling points

BASIC FEATURES CONT:

Line-level Inputs and Speaker-level Inputs
- The JBL BassPro Hub has line level inputs and speaker inputs that allow you to connect to any car audio system making it a great upgrade to your factory system or the bass foundation of the aftermarket system of your dreams.

Harman Standard Reliability Testing
- JBL speakers have to undergo a testing process that would destroy lesser speakers. JBL freezes them, bakes them, shakes them, blasts them with ultraviolet light and drives them at full power for days at a time.

JBL at an Affordable Price
- This is JBL—the legendary speaker and sound company that has excited audio enthusiasts for over seventy years. There's nothing better than riding with JBL.

PROMOTIONAL TIME PERIODS:
- Holidays, back-to-school
