Delock Consolidation Point Box 4 port for Keystone Modules

Description

This distribution box by Delock can be used to install 4 Keystone modules and serves as a collection point for structured network cabling in buildings or in industrial areas. The box can be mounted on the wall, ceiling or floor and can also be used as a desktop version.

Hinged lid for easy mounting
The distribution box has a hinged lid that can be opened without tools and enables easy connection of the patch cables.

Cable entry on the front and rear according to IP20 protection class
The two cable entries both on the front and on the rear are protected against for e.g. dust in accordance with IP20 protection class.

Item no. 66235

EAN: 4043619662357

Country of origin: China

Package: Box
