# Highlights

### Full body grooming

Designed to be safe and comfortable for underarms, chest & abs, back & shoulders, groin area and legs. The skin friendly shaver catches and cuts hairs of different lengths, without the need for multiple tools or skin contact with sharp edges.

### Skin-friendly shaver

The shaver head features patented rounded tips and a hypo-allergenic foil to protect your skin while shaving. The bi-directional trimmers cut longer hairs, which are shaved by the foil for a closer result.

### Bi-directional body combs

3 combs included for different body hair lengths. Attach the combs onto the shaving system, to trim hair to fixed length settings of 3mm, 5mm, or 7mm. You can use the shaving system without the combs, for a closer result. For thicker hair, pre-trimming with the fixed combs is recommended.

### Shave your back

Conveniently remove back hair. This attachment has been specially designed for convenient back grooming.

### Rechargeable battery power

High-power Li-ion battery for full body use, with 60 minutes of cordless use after an 1-hour charge. The battery light indicates power status, when the battery is low or full.

### 100% Showerproof

Provides a comfortable and close result in or out of the shower. The body groomer is fully water-resistant, so you can simply rinse it clean when you've finished. For longer hair, trimming performance may be better on dry hair.

### Ergonomic grip

The rubber grip is designed to ensure optimal handling even when wet, for better control during use, in or out of the shower.

### Built to last

All of our grooming products are built to last. They come with a 2 year worldwide guarantee, worldwide voltage compatibility, and they never need to be oiled.
