Delock Cable DC 5.5 x 2.1 mm male to 3 x DC female with switch 1 m

Description

This cable by Delock can be connected to a DC power port in order to supply power to devices with DC plug. By using the single on / off switches the power supply for the connected device can be switched on or off. Therefore it is not needed to remove the cable from the female port to switch off the power supply. The cable can be applied especially for hobby area as well as for tinkerer.
