Navilock Laptop Security Cable with Key Lock for Nano slot

Description

This laptop security lock by Navilock enables to lock different devices e.g. laptop, projector, monitor etc. at any place. The **1.5 m long steel cable** with the **key lock** can easily be tied around objects such as a table leg, chair or similar, thus securing the device from theft. The **180° swivel joint** facilitates the attachment of the lock.

Nano slot compatible
This laptop security lock is compatible with the so-called **Nano slot** and thus suitable for many particularly light and slim Ultrabook's. The 2.5 x 6.0 mm opening on the case is called Nano slot. On many devices this opening is marked with a lock symbol.
