Delock PVC Cable Duct flexible 50 x 13 mm - length 1.5 m grey

Description

This cable duct by Delock can be used to lay and bundle cables, electrical tubes or wires to protect them from dirt or damage and to ensure a clear and orderly cable routing.

Quick mounting and high flexibility
The cable duct can be attached with adhesive tape on the bottom and can therefore be easily and simply fixed to the floor. The elastic PVC material also has a high degree of flexibility.

Plenty of space for different cables
Depending on the diameter and thickness of the individual cables e.g. antenna cables, HDMI cables, audio cables or power cables can be accommodated. Thus the cables are safely and orderly stowed away.

Cuttable
The length of the cable duct can be shortened individually with the scissors.
