Xiaomi Smart Cooking Robot

Your master chef

ID: 39194 SKU: BHR5930EU

[EU Version] Model: MCC01M-1A

Precise cooking temperature control

from 35 to 180℃

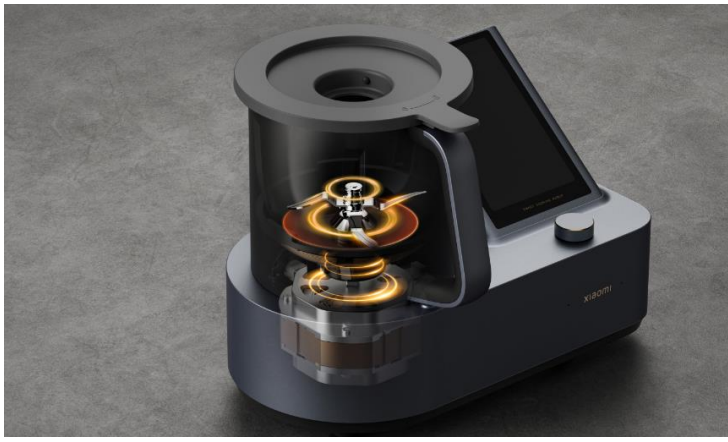

8" intuitive touchscreen with 200+ built-in recipes

The 8" color touchscreen brings you a brand-new cooking experience. The recipes and cooking steps are clearly displayed, making it easy for you to follow the detailed instructions.

Intelligent motor and state-of-the-art blade to grind, chop, mix, etc.

Multi-speed reluctance motor directly transmits power, with a rotation speed ranging from 40rpm to 12000rpm. Low speeds for even stir frying and high speeds for fine grinding. Ingredients are chopped while blades rotate clockwise, stirred while the back of the blades rotate counter-clockwise. Dough is kneaded when machine rotates in different directions at an interval.

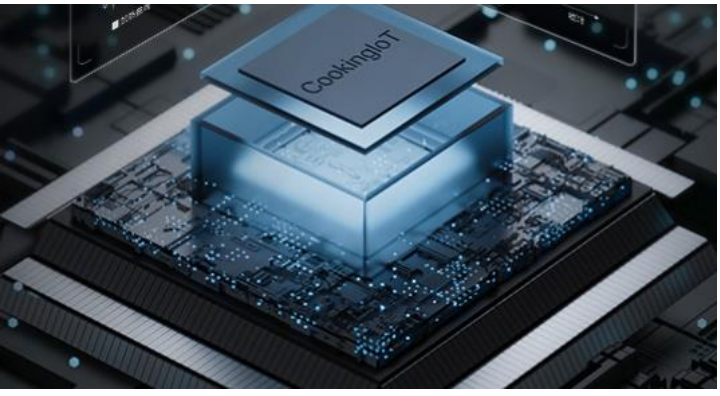

Highly efficient, even cooking with induction heating

3D induction heating combined with smoke control. High-power heating temperature can reach 180℃, sufficient for stir frying. Fine temperature control system enables you to control temperature below smoke point, reducing kitchen smoke.

Self-cleaning in one click

The design allows you to wash fruits, vegetables, meats and other ingredients before eating, keeping your hands free. Your master chef can also help you wash pots after finishing your meals, providing a one-stop solution to your cleaning needs.

CookingIoT

Intelligently calculate the cooking temperature, time and stirring speed for each dish, converting the culinary experience of chef in real life into an AI cooking curve, which can be continuously upgraded online.

Weight measured with a precision of 1g

Ingredients and condiments are precisely weighed before cooking, not relying on guesswork.

3 dishes and 1 soup in one go

Handy accessories to assist you in making dinner for the whole family.

Specifications

Model	MCC01M-1A
Dimensions	413*316*344mm
Rated Voltage	220-240V~
Rated Frequency	50-60Hz
Power	Motor power: 500W Heating power: 1200W
Net Weight	10.8KG
Gross Weight	13.8KG
