Delock Cable Sleeve made of glass fiber and aluminium 2 m x 10 mm

Description

This protective sleeve by Delock can be used to protect cables, electrical tubes or wires.

Excellent resistance due to glass fiber and aluminium foil

The cable sleeve protects the cables from high temperatures and solar radiation. The aluminium reflects more than 95 % of the radiation that hits its surface and keeps the cables, tubes and wires underneath cool.

Ø 10 mm / 2 m

Item no. 19001

EAN: 4043619190010

Country of origin: China

Package: Zip poly bag

Specification

- Length: ca. 2 m
- Diameter: ca. 10 mm
- Operating temperature: -40 °C ~ 200 °C
- Inner material: glass fiber
- Outer material: aluminium
- Colour: silver

Package content

- Cable sleeve
